 Strictly, the name "Malaysia" is a modern concept, created in the second half of the 20th century. However, contemporary Malaysia regards the entire history of Malaya and Borneo, spanning thousands of years back to prehistoric times, as its own history, and as such, it is treated in this page.

History of Malaysia - Wikipedia
 Because Malaysia itself is divided between the two regions, the history of the country can be understood only within a broad geographic context. The Strait of Malacca, narrowly separating the peninsula from the archipelago, has been a crossroads for peoples, cultures, and trade passing through or taking root in both areas.

 The history of Sabah can be traced back to about 23–30,000 years ago when evidence suggests the earliest human settlement in the region existed. The history is interwoven with the history of Brunei and the history of Malaysia, which Sabah was previously part of and is currently part of respectively. The earliest recorded history of Sabah being part of any organised civilisation began in the early 15th century during the thriving era of the Sultanate of Brunei. Prior to this, early ...
