Mén-an-Tol - Wikipedia

The Crick-Stone, or Men-an-tol. IN a croft belonging to Lanyon farm, and about half a mile north of the town-place, there is a remarkable group of three stones, the centre one of which is called by antiquaries the Men-an-tol (holed stone), and by country folk the Crick-stone, from an old custom—not yet extinct—of "crameing" (crawling on all fours) nine times through the hole in the centre stone, going against the sun's course, for the cure of lumbago, scatica, and other "cricks" and ...

Location: Cornwall, Nr Madron. (O/S - SW 4265 3494), Grid Reference: 50 9' 30" N, 5 36' 16" W. Men an Tol:(Stone Circle, Holed Stone). The original design of these megalithic remains have evoked much debate in the past, however, following the recent discovery of several recumbent stones lying beneath the turf, it is now realised that these three granite stones were once part of a stone-circle.

Men-an-Tol, England - Ancient-Wisdom

The Mén-an-Tol (or 'Men an Tol') is a small formation of standing stones on the Penwith moorland in Cornwall.It is also known locally as the "Crick Stone". The name 'Mén-an-Tol' in the Cornish Language literally means "the hole stone", which is a description of the main stone.

Mén-an-Tol - Wikishire

My photo above is of the Men-an-Tol stones in Cornwall, sometimes referred to as the Crick Stone or the Devil's Eye. They are claimed to have magical properties. Some say they have a fairy or piskey guardian who can make miraculous cures. In one case a changeling baby was put through the hole in the stone in order for the mother to get her real child returned.

The name Men-an-Tol means simply 'holed stone' and despite having been considered a significant and popular monument from a very early date, its true purpose remains a mystery. Access and...

Men-an-Tol - Cornwall Council

Men-An-Tol Holed Stone. Men-an-Tol. An unusual and attractive Cornish site, the Mén-an-Tol is believed to belong to the Bronze Age, thereby making it around 3,500 years old, though little evidence has been found. It consists of four stones, the most memorable being the circular and pierced upright stone. Only one other example of a holed stone exists in the county: the Tolvan Stone near Gweek.

Men-An-Tol | Cornwall Guide

The suggestively-shaped Men-an-Tol – known locally as the Crick Stone – is said to have the power to cure many ailments. Photograph by Nature Picture Library / Alamy For millennia, different cultures and societies have expressed and celebrated their sexuality through symbolism and metaphor in Britain.

I'm starting off with Men-an-Tol, which is sometimes referred to as the Crick Stone or the Devil's Eye. Men-an-Tol means, in the Cornish language, 'stone and hole' which very much describes what it is, as can be seen from the photo above.

67 Not Out: The Cornish Mystery Of The Men-an-Tol Stones

Men An Tol means 'stone of the hole' in Cornish - the stone's also been known as 'The Devil's Eye'. Holed stones are often thought to have special powers, especially for healing. If scrofulous children are passed naked through the Men-an-tol three times, and then drawn on the grass three times against the sun, it is felt by the faithful that much has been done towards insuring a speedy cure.

Men-An-Tol Holed Stone - The Modern Antiquarian.com

Mén-an-Tol The Mén-an-Tol (Cornish for 'Stone of the Hole') consists of a holed stone 1.2m (4ft) across with a large round hole 51cm (20 in) in diameter, large enough for a grown person to crawl through. Either side of it are two upright stones, 1.3m (4.5ft) high.
