Including the well-known stories of Daedalus and Icarus, Pyramus and Thisbe, Pygmalion, Perseus and Andromeda, and the fall of Troy, the Metamorphoses has influenced writers and artists from Shakespeare and Chaucer to Picasso and Ted Hughes. This translation by David Raeburn is in hexameter verse, which brilliantly captures the energy and spontaneity of the original.

Metamorphoses: A New Verse Translation (Penguin Classics ...

It is, as Denis Feeney notes in his excellent Introduction to the Penguin Classics edition of the Metamorphoses which I own (a masterly verse translation by David Raeburn), a vast encyclopedia of myth: Graeco-Roman myth since the fall of Rome, as Feeney observes, is really Ovidian myth, since the Metamorphoses became the definitive telling of Greek and Roman mythology.

The Metamorphoses by Publius Ovidius Naso (43 B.C. - A.D. 17) has, over the centuries, been the most popular and influential work from our classical tradition. This extraordinary collection of some 250 Greek and Roman myths and folk tales has always been a popular favorite, and has decisively shaped western art and literature from the moment it was completed in A.D. 8.

A new translation in hexameter verse of Ovid's narrative poem embraces more than two hundred mythical tales linked by the theme of transformation, incorporating many famed myths and legends of ancient Greece and Rome.

The Metamorphoses of Ovid offers to the modern world such a key to the literary and religious culture of the ancients that it becomes an important event when at last a good poet comes up with a translation into English verse." —John Crowe Ransom ... a charming and expert English version, which is right in tone for the Metamorphoses."—Francis Fergusson This new Ovid,

Download Free David Raeburn Metamorphoses

fresh and faithful, is right for our time and should help to restore a great reputation." —Mark Van Doren The first and still the best modern verse translation of the *Metamorphoses*, Humphries' version of Ovid's masterpiece captures its wit, merriment, and sophistication. Everyone will enjoy this first modern translation by an American poet of Ovid's great work, the major treasury of classical mythology, which has perennially stimulated the minds of men. In this lively rendering there are no stock props of the pastoral and no literary landscaping, but real food on the table and sometimes real blood on the ground. Not only is Ovid's *Metamorphoses* a collection of all the myths of the time of the Roman poet as he knew them, but the book presents at the same time a series of love poems—about the loves of men, women, and the gods. There are also poems of hate, to give the proper shading to the narrative. And pervading all is the writer's love for this earth, its people, its phenomena. Using ten-beat, unrhymed lines in his translation, Rolfe Humphries shows a definite kinship for Ovid's swift and colloquial language and Humphries' whole poetic manner is in tune with the wit and sophistication of the Roman poet.

"It is the single most important work of poetry in ancient history" - M. L. Andres, author of 'A Simple but Effective Strategy for Success' & founder of The Block Bard. Ovid's 15-book epic, written in exquisite Latin hexameter, is a rollercoaster of a read. Beginning with the creation of the world, and ending with Rome in his own lifetime, the *Metamorphoses* drags the reader through time and space, from beginnings to endings, from life to death, from moments of delicious joy to episodes of depravity and abjection. The madness and chaos of some 250 stories, spanning around 700 lines of poetry per book, are woven together by the theme of metamorphosis or transformation. The artistic dexterity involved in pulling off this literary feat is testimony to Ovid's skill and ambition as a poet. This accomplishment also goes a long way in explaining the rightful place the *Metamorphoses* holds within the canon of classical literature, placed as it is beside other great epics of Mediterranean antiquity such as the *Iliad*, *Odyssey* and *Aeneid*.

When Michael Hofmann and James Lasdun's ground-breaking anthology *After Ovid* (also Faber) was published in 1995, Hughes's three contributions to the collective effort were nominated by most critics as outstanding. He had shown that rare translator's gift for providing not just an accurate account of the original, but one so thoroughly imbued with his own qualities that it was as if Latin and English poet were somehow the same person. Tales from Ovid, which went on to win the Whitbread Prize for Poetry, continued the project of recreation with 24 passages, including the stories of Phaeton, Actaeon, Echo and Narcissus, Procne, Midas and Pyramus and Thisbe. In them, Hughes's supreme narrative and poetic skills combine to produce a book that stands, alongside his *Crow* and *Gaudete*, as an inspired addition to the myth-making of our time.

Greek Tragedies as Plays for Performance is a unique introduction to the genre that explores these works as dramatic artefacts intended for performance—instead of as ancient literature solely to be read and studied. Written by a scholar who combines his academic understanding of Greek tragedy with his singular theatrical experience of producing these ancient dramas for the modern stage, this text pays special attention to construction, design, staging, and musical composition in terms of the ancient medium and original resources. The author discusses the masters of the genre—Aeschylus, Sophocles, and Euripides—including similarities, differences, their use and development of Greek tragedy's hybrid form, the significance that each poet attaches to familiar myths and his distinctive approach as a dramatic artist. The text examines 10 plays in detail, from *Persae* and *The Oresteia* to *Antigone* and *Oedipus Tyrannus* and then *Medea* and *Bacchae*, including the 2 *Electra* plays. It delves into important components of

Download Free David Raeburn Metamorphoses

these dramas, including performances by the chorus and the 3 actors, the need to captivate audiences attending a major civic and religious festival, and the importance of the lyric sections for emotional effect. The book also contains a companion website, available upon publication at www.wiley.com/go/raeburn, with 136 audio recordings of Greek tragedy that illustrate the beauty of the Greek language and the powerful rhythms of the songs. With extended dramatic analysis of important Greek tragedies at an appropriate level for readers coming to the topic for the first time, this is a fresh and insightful foray into these ancient works of art. David Raeburn has recently retired from a stipendiary Lectureship in Classical Languages at New College in the University of Oxford, UK, where he previously held the Grocyn Lectureship in the Faculty of Literae Humaniores. Before that, he spent more than 40 years as a Classics teacher and headmaster of two secondary schools. He is the co-author of *The Agamemnon of Aeschylus* (2010) and translator of the Penguin Classics editions of Sophocles' *Electra and Other Plays* (2008) and Ovid's *Metamorphoses* (2004). His research interests include Greek tragedy and Augustan poetry in Latin. He has directed over 30 full-scale or workshop productions of 18 of the 33 extant Greek tragedies, performed either in the original language or in translation with school and university students.

Ovid's *Metamorphoses* is one of the most influential works of Western literature, inspiring artists and writers from Titian to Shakespeare to Salman Rushdie. These are some of the most famous Roman myths as you've never read them before—sensuous, dangerously witty, audacious—from the fall of Troy to birth of the minotaur, and many others that only appear in the *Metamorphoses*. Connected together by the immutable laws of change and metamorphosis, the myths tell the story of the world from its creation up to the transformation of Julius Caesar from man into god. In the ten-beat, unrhymed lines of this now-legendary and widely praised translation, Rolfe Humphries captures the spirit of Ovid's swift and conversational language, bringing the wit and sophistication of the Roman poet to modern readers. This special annotated edition includes new, comprehensive commentary and notes by Joseph D. Reed, Professor of Classics and Comparative Literature at Brown University.

Perhaps no other classical text has proved its versatility so much as Ovid's epic poem. A staple of undergraduate courses in Classical Studies, Latin, English and Comparative Literature, *Metamorphoses* is arguably one of the most important, canonical Latin texts and certainly among the most widely read and studied. Ovid's '*Metamorphoses*': A Reader's Guide is the ideal companion to this epic classical text offering guidance on: • Literary, historical and cultural context • Key themes • Reading the text • Reception and influence • Further reading

"This updated edition incorporates twenty-eight new lines in the first Hymn to Dionysos, along with expanded notes, a new preface, and an enhanced bibliography. With her introduction and notes, Rayor places the hymns in their historical and aesthetic context, providing the information needed to read, interpret, and fully appreciate these literary windows on an ancient world."--P. [4] of cover.

A new translation of an important text for Greek mythology used as a source book by classicists from antiquity to Robert Graves, *The Library of Greek Mythology* is a complete summary of early Greek myth, telling the story of each of the great families of heroic mythology, and the various adventures associated with the main heroes and heroines, from Jason and Perseus to Heracles and Helen of Troy. Using the ancient system of detailed histories of the great families, it contains invaluable genealogical diagrams for maximum clarity.
