Hannah Arendt's portrayal of the terrible consequences of blind obedience, Eichmann in Jerusalem: A Report on the Banality of Evil contains an introduction by Amos Elon in Penguin Classics. Sparking a flurry of heated debate, Hannah Arendt's authoritative and stunning report on the trial of German Nazi SS leader Adolf Eichmann first appeared as a series of articles in The New Yorker in 1963.

Eichmann in Jerusalem by Hannah Arendt INTRODUCTION. Even before its publication as a book, Hannah Arendt's Eichmann in Jerusalem: A Report on the Banality of Evil (which originally appeared as a series of articles in The New Yorker) generated much controversy. Critics attributed her coverage of the Adolf Eichmann trial to a host of purposes other than simple reporting, such as exposing the role of the Jewish leadership in the Holocaust and raising larger questions about German guilt and the ...

~~Eichmann in Jerusalem - Reading Guides - Penguin Classics ...~~

Eichmann was an automaton dancing to a pre-programmed tune without care and without humanity. He came in, did a 9 to 5, and murdered thousands of people whose sole crime was their birth. The book is a very, very short synopsis and I was expecting a lot more into the nitty gritty of the "trial" (it was a show trial, yes, but he got what he deserved).

~~Amazon.co.uk: Customer reviews: Eichmann in Jerusalem ...~~

It is perhaps no accident that at this time of a highly controversial war in Iraq, Arendt's books are still widely read and that, even though close to 300,000 copies of her book on Eichmann alone have so far been sold, this new edition is now published by Penguin. Eichmann in Jerusalem continues to attract new readers and interpreters in Europe, too. In Israel, where the Holocaust was long seen as simply the

culmination of a long unbroken line of anti-Semitism, from pharaoh and ...

'Brilliant and disturbing' Stephen Spender, New York Review of Books The classic work on 'the banality of evil', and a journalistic masterpiece Hannah Arendt's stunning and unnerveing report on the trial of Nazi leader Adolf Eichmann first appeared as a series of articles in the New Yorker in 1963. This edition includes material that came to light after the trial, as well as Arendt's postscript directly addressing the controversy that arose over her account. A major journalistic triumph by an intellectual of singular influence, this classic portrayal of the banality of evil is as shocking as it is informative - an unflinching look at one of the most unsettling issues of the twentieth century. 'Deals with the greatest problem of our time ... the problem of the human being within a modern totalitarian system' Bruno Bettelheim

"A profound and documented analysis....Bound to stir our minds and trouble our consciences."-Chicago Tribune.

'Substantial' excerpts from three main works: The origins of totalitarianism, The human condition, and Eichmann in Jerusalem as well as essays and correspondence.

From the author of Eichmann in Jerusalem and The Origins of Totalitarianism, "a book to think with through the political impasses and cultural confusions of our day" (Harper's Magazine) Hannah Arendt's insightful observations of the modern world, based on a profound knowledge of the past, constitute an impassioned contribution to political philosophy. In *Between Past and Future* Arendt describes the perplexing crises modern society faces as a result of the loss of meaning of the traditional key words of politics: justice, reason, responsibility, virtue, and glory. Through a series of eight exercises, she shows how we can redistill the vital essence of these concepts and use them to regain a frame of reference for the future. To participate in these exercises is to associate, in action, with one of the most original and fruitful minds of the twentieth century.

A total and groundbreaking reassessment of the life of Adolf Eichmann—a superb work of scholarship that reveals his activities and notoriety among a global network of National Socialists following the collapse of the Third Reich and that permanently challenges Hannah Arendt's notion of the "banality of evil." Smuggled out of Europe after the collapse of Germany, Eichmann managed to live a peaceful and active exile in Argentina for years before his capture by the Mossad. Though once widely known by nicknames such as "Manager of the Holocaust," in 1961 he was able to portray himself, from the defendant's box in Jerusalem, as an overworked bureaucrat following orders—no more, he said, than "just a small cog in Adolf Hitler's extermination machine." How was this carefully crafted obfuscation possible? How did a central architect of the Final Solution manage to disappear? And what had he done with his time while in hiding? Bettina Stangneth, the first to comprehensively analyze more than 1,300 pages of Eichmann's own recently discovered written notes—as well as seventy-three extensive audio reel recordings of a crowded Nazi salon held weekly during the 1950s in a popular district of Buenos Aires—draws a chilling portrait, not of a reclusive, taciturn war criminal on the run, but of a highly skilled social manipulator with an inexhaustible ability to reinvent himself, an unrepentant murderer eager for acolytes with whom to discuss past glories while vigorously planning future goals with other like-minded fugitives. A work that continues to garner immense international attention and acclaim, *Eichmann Before Jerusalem* maps out the astonishing links between innumerable past Nazis—from ace Luftwaffe pilots to SS henchmen—both in exile and in Germany, and reconstructs in detail the postwar life of one of the Holocaust's principal organizers as no other book has done.

A collection of writings by a groundbreaking political thinker, including excerpts from *The Origins of Totalitarianism* and *Eichmann in Jerusalem*. She was a Jew born in Germany in the early twentieth century, and she studied with the greatest German minds of her day—Martin Heidegger and Karl Jaspers among them. After the rise of the Nazis, she emigrated to America where she proceeded to write some of the most searching, hard-hitting reflections on the agonizing issues of the time: totalitarianism in both Nazi and Stalinist garb; Zionism and the legacy of the Holocaust; federally mandated school desegregation and civil rights in the United States; and the nature of evil. *The Portable Hannah Arendt* offers substantial excerpts from the three works that ensured her international and enduring stature: *The Origins of Totalitarianism*, *The Human Condition*, and *Eichmann in Jerusalem*. Additionally, this volume includes several other provocative essays, as well as her correspondence with other influential figures.

In this stimulating collection of studies, Dr. Arendt, from the standpoint of a political philosopher, views the crises of the 1960s and early '70s as challenges to the American form of government. The book begins with "Lying in Politics," a penetrating analysis of the Pentagon Papers that deals with the role of image-making and public relations in politics. "Civil Disobedience" examines the various opposition movements from the Freedom Riders to the war resisters and the segregationists. "Thoughts on Politics and Revolution," cast in the form of an interview, contains a commentary to the author's theses in "On Violence." Through the connected essays, Dr. Arendt examines, defines, and clarifies the concerns of the American citizen of the time.--From publisher description.
