Juan Rulfo (1917-1986). La edición de esta semana de “ Intemporales ” está dedicada al gran escritor latinoamericano del siglo XX, Juan Rulfo, Premio Nacional de Literatura de México de 1970 y Príncipe de Asturias de las Letras en 1983. Este brillante novelista nació en Sayula, Jalisco el 16 de mayo de 1917.

Este nuevo libro de Reina Roffé pretende ser una biografía de Juan Rulfo. ¿Y qué es una biografía? Su definición está en cualquier diccionario: la historia de vida de una persona. De ahí que no sea un ensayo sobre la obra rulfiana, ni una fabulación de escritora sobre otro escritor, donde se habla en primera persona. No, Juan Rulfo: biografía no autorizada es sencillamente una biografía donde la autora desaparece y elude opinar de forma directa, dejando que el lector haga su propia composición de lugar, arme el puzle de la vida de Rulfo, íntimamente ligada, por supuesto, a la

A comprehensive study of the Mexican writer considered one of the finest novelists and short-story writers in 20th-century Latin America.

This is the first extended, English-language study to focus exclusively on the fiction of Juan Rulfo in over twenty years, analyzing a selection of short stories from Rulfo's collection and also two of the main characters of his masterpiece, Pedro Páramo.

Ángel Rama was one of twentieth-century Latin America's most distinguished men of letters. Writing across Cultures is his comprehensive analysis of the varied sources of Latin American literature. Originally published in 1982, the book links Rama's work on Spanish American modernism with his arguments about the innovative nature of regionalist literature, and it foregrounds his thinking about the close relationship between literary movements, such as modernism or regionalism, and global trends in social and economic development. In Writing across Cultures, Rama extends the Cuban anthropologist Fernando Ortiz's theory of transculturation far beyond Cuba, bringing it to bear on regional cultures across Latin America, where new cultural arrangements have been forming among indigenous, African, and European societies for the better part of five centuries. Rama applies this concept to the work of the Peruvian novelist, poet, and anthropologist José María Arguedas, whose writing drew on both Spanish and Quechua, Peru's two major languages and, by extension, cultures. Rama considered Arguedas's novel Los ríos profundos (Deep Rivers) to be the most accomplished example of narrative transculturation in Latin America. Writing across Cultures is the second of Rama's books to be

Modernity in Spanish America has been viewed by a 'postmodern' cultural studies as a condition of the first half of the twentieth century whose major political, philosophical and cultural assumptions the region would do well to leave behind. This book explores a corpus of Spanish-American literary texts from that 'modern' period which dramatize the constitutive dynamics of modernity, in particular the legacy of the French Revolution, the logic of nationalism, the founding of the modern city, and the awkward relationship to both Western and indigenous traditions. Its argument is that one cannot so easily take leave of modernity.

In the 1960s, there occurred amongst Latin American writers a sudden explosion of literary activity known as the ' Boom '. It marked an increase in the production and availability of innovative and experimental novels. But the ' Boom ' of the 1960s should not be taken as the only flowering of Latin American fiction, for such novels dubbed ' new novels ' were being written in the 1940s and 1950s, as well as in the 1970s and 1980s. In this edited collection, first published in 1990, Philip Swanson charts the development of Latin American fiction throughout the twentieth century. He assesses the impact of the ' new novel ' on Latin American literature, and follows its growth. Nine key texts are analysed by contributors, including works by the ' big four ' of the ' Boom ' – Fuentes, Cort á zar, García M á rquez and Vargas Llosa. This book will be of interest to critics and teachers of Latin American
