Partnership Formation
Accounting, Journal Entries

...

Partnership accounting is the same as accounting for a proprietorship except there are separate capital and drawing accounts for each partner. The fundamental accounting equation ($\text{Assets} = \text{Liabilities} + \text{Owner's Equity}$) remains unchanged except that total owners' equity is the sum of the partners' capital accounts.

A journal entry is the recording of a business transaction in the journal. A journal entry shows all the effects of a business transaction as expressed in debit(s) and credit(s) and may include an explanation of the transaction. A transaction is entered in a journal before it is entered in ledger accounts.

The general ledger is built by transferring the journal entries of a company's financial transactions from its accounting journals to the general ledger. Each financial transaction has a source document, such as an invoice or a canceled check, as well as a journal entry, normally found in the general journal, your special journals, or both.
