The PRO-97 has a feature that will tell you what the proper channel number for an LTR system is. Program a frequency from the system in the first channel; Set the mode for LTR; Put the scanner in manual; When you hear a transmission, there will be a number in the lower right corner of the display like "R03" or whatever.

Manuals for Police Scanner Radios | ScannerMaster.com  
Tip: Theoretically, you can also program more than one trunking system into a bank as long as you can only monitor one at a time, in different locations, far enough apart, so the system you are monitoring won't interfere with any other system (which would confuse the radio). They would also have to be the same system type (Motorola or EDACS) and be in the same valid trunking frequency range ...

Radio Shack 1000 Channels Triple Trunking Scanner Receiver ...

The Pro-197 is a good scanner, however the one I purchased from this Amazon seller was received with a missing knob and broken faceplate. When purchasing this scanner also consider getting a subscription to Radio Reference, and getting software such as Win500 to program your scanner (you also need a programming cable).
