Lydian Chromatic Concept. So if a Perfect 5th is the strongest non-root

Access Free The Lydian Chromatic Concept Of Interval, we can build up a harmonically strong scale using intervals of Perfect 5ths. Starting on the C that gives us: C \square G \square D \square A \square E \square B \square F# . So we get a scale with all the notes of the C Major scale but with an F# rather than an F \square which is a G Major Scale or the C Lydian Mode.
