The Postmortal A Novel

This is the question that lies at the heart of Drew Magary's debut novel, The Postmortal. Told through what is essentially a series of electronic diary entries written by a man named John Farrell, The Postmortal chronicles the near-future where a cure for aging has been discovered and humanity has taken its first tentative steps toward immortality.

The Postmortal by Drew Magary

The Postmortal is told through the eyes of John Farrell, who gets The Cure at age 29. Told in short, journal-like chapters, newspaper articles, interviews, and social media feeds, the narrative stretches more than 70 years - at which Farrell remains 29. This is one of the most engaging books I've ever read.

"*The Hike* just works. It's like early, good Chuck Palahniuk. . . . Magary underhands a twist in at the end that hits you like a sharp jab at the bell. . . . It's just that good." –NPR.org "A page-turner. . . . Inventive, funny. . . . Quietly profound and touching."—*BoingBoing* From the author of *The Night the Lights Went Out* and *The Postmortal*, a fantasy saga unlike any you've read before, weaving elements of folk tales and video games into a riveting, unforgettable adventure of what a man will endure to return to his family When Ben, a suburban family man, takes a business trip to rural Pennsylvania, he decides to spend the afternoon before his dinner meeting on a short hike. Once he sets out into the woods behind his hotel, he quickly comes to

Download Ebook The Postmortal A Novel By Drew Magary Ebook

realize that the path he has chosen cannot be given up easily. With no choice but to move forward, Ben finds himself falling deeper and deeper into a world of man-eating giants, bizarre demons, and colossal insects. On a quest of epic, life-or-death proportions, Ben finds help comes in some of the most unexpected forms, including a profane crustacean and a variety of magical objects, tools, and potions. Desperate to return to his family, Ben is determined to track down the "Producer," the creator of the world in which he is being held hostage and the only one who can free him from the path. At once bitingly funny and emotionally absorbing, Magary's novel is a remarkably unique addition to the contemporary fantasy genre, one that draws as easily from the world of classic folk tales as it does from video games. In *The Hike*, Magary takes readers on a daring odyssey away from our day-to-day grind and transports them into an enthralling world propelled by heart, imagination, and survival.

A Deadspin columnist presents a heartfelt account about the ups and downs of raising a family in modern America that shares brutally honest insights into the coping mechanisms employed by today's parents, in a memoir that also shares his positive views on the strengths of American parenting.

This will be the very last book you ever read. Because after you have read this book, you, Good Sir, will know how to be a pro athlete. And pro athletes don't need books. Or strong family bonds. Or any of that stupid crap. Not when they have ready access to millions of dollars and scores of smoking hot chicks with questionable judgment. This book will be all you require to cast aside your boring life as some jackass who cruises around bookstores hoping to score grad-school trim. With *Men with Balls*, you will learn how to: Showboat using classical pantomime techniques Figure out whether or not a stripper actually fancies you Emotionally cope from the emotional fallout of rookie year hazing games Find out which free locker room amphetamines will give you a shot of energy, and which will cause you to run down terrified schoolchildren with your Escalade (NOTE: Some do both) Avoid media scrutiny by directing beat writers and columnists to the nearest hot buffet So grab your balls, bookboy. You're about to become a home-run hitting, steroid-injecting, angry-orgy-having Turbostud. They're gonna need a whole ocean just to wash your jock.

A fascinating, darkly funny comeback story of learning to live with a broken mind after a near-fatal traumatic brain injury—from the acclaimed author of *The Hike* "Drew Magary has produced a remarkable account of his journey, one that is filled with terror, tenderness, beauty, and grace."—David Grann, bestselling author of *Killers of the Flower Moon* Drew Magary, fan-favorite Defector and former Deadspin columnist, is known for his acerbic takes and his surprisingly nuanced chronicling of his own life. But in *The Night the Lights Went Out*, he finds himself far out of his depths. On the night of the 2018 Deadspin Awards, he suffered a mysterious fall that caused him to smash his head so hard on a cement floor that he cracked his skull in three places and suffered a catastrophic brain hemorrhage. For two weeks, he remained in a coma. The world was gone to him, and him to it. In his long recovery from his injury, including understanding what his family and friends went through as he lay there dying, coming to terms with his now permanent disabilities, and trying to find some lesson in this cosmic accident, he leaned on the one sure thing that he knows and that didn't leave him—his writing. Drew takes a deep dive into what it meant to be a bystander to his own death and figuring out who this new Drew is: a Drew that doesn't walk as well, doesn't taste or smell or see or hear as well, and a Drew that is often failing as a husband and a father as he bounces between grumpiness, irritability, and existential fury. But what's a good comeback story without heartbreak? Eager to get back what he lost, Drew experiences an awakening of a whole other kind in this incredibly funny, medically illuminating, and heartfelt memoir.

Return to the dazzling world of *Revelation Space* with this British Science Fiction Award-winning space opera about a young man hell-bent on revenge on the surface of a twisted, disease-corrupted planet. The once-utopian Chasm City -- a domed human settlement on an otherwise inhospitable planet -- has been overrun by a virus known as the Melding Plague, capable of infecting any body, organic or computerized. Now, with the entire city corrupted -- from the people to the very buildings they inhabit -- only the most wretched sort of existence remains. For security operative Tanner Mirabel, it is the landscape of nightmares through which he searches for a lowlife postmortal killer. But the stakes are raised when his search brings him face to face with a centuries-old atrocity that history would rather forget. One of *Locus* and *Science Fiction Chronicle's* "Best SF Novels of the Year"

"*The Queue* ... has drawn comparisons to Western classics like George Orwell's *1984* and *The Trial* by Franz Kafka. It represents a new wave of dystopian and surrealist fiction from Middle Eastern writers who are grappling with the chaotic aftermath and stinging disappointments of the Arab Spring." -- *The New York Times* Winner of the English PEN Translation Award In a surreal, but familiar, vision of modern day Egypt, a centralized authority known as 'the Gate' has risen to power in the aftermath of the 'Disgraceful Events,' a failed popular uprising. Citizens are required to obtain permission from the Gate in order to take care of even the most basic of their daily affairs, yet the Gate never opens, and the queue in front of it grows longer. Citizens from all walks of life mix and wait in the sun: a revolutionary journalist, a sheikh, a poor woman concerned for her daughter's health, and even the brother of a security officer killed in clashes with protestors. Among them is Yehia, a man who was shot during the Events and is waiting for permission from the Gate to remove a bullet that remains lodged in his pelvis. Yehia's health steadily declines, yet at every turn, officials refuse to assist him, actively denying the very existence of the bullet. Ultimately it is Tarek, the principled doctor tending to Yehia's case, who must decide whether to follow protocol as he has always done, or to disobey the law and risk his career to operate on Yehia and save his life. Written with dark, subtle humor,

Download Ebook The Postmortal A Novel By Drew Magary Ebook

The Queue describes the sinister nature of authoritarianism, and illuminates the way that absolute authority manipulates information, mobilizes others in service to it, and fails to uphold the rights of even those faithful to it.

Now available in a tall Premium Edition, the novel that introduces one of suspense fiction's most compelling heroines--Dr. Kay Scarpetta--from a #1 "New York Times"-bestselling author. Reissue.
