"A tremendous talent. Every page fizzes with vitality." --Kevin Barry, author of *Beatbone*
A young man in a dark depression roams the vast, formless landscape of a Dublin industrial park where he meets a vagrant in the grip of a dangerous ideology. A woman fleeing a breakup finds herself taking part in an unusual sleep experiment. A man obsessed with Nietzsche clings desperately to his girlfriend's red shoes. And whatever happened to Killian Turner, Ireland's vanished literary outlaw? Lost and isolated, the characters in these masterful stories play out their fragmented relationships in a series of European cities, always on the move; from rented room to darkened apartment, hitchhiker's roadside to Barcelona nightclub. Rob Doyle, a shape-shifting drifter, a reclusive writer, also stalks the book's pages. Layering narratives and splicing fiction with non-fiction, *This is the Ritual* tells of the ecstatic, the desperate and the uncertain. Immersive, at times dreamlike, and frank in its depiction of sex, the writer's life, failed ideals, and the transience of emotions, it introduces an unmistakable new literary voice.

Detective Peter Decker of the LAPD is stunned when he gets the report. Someone has shattered the sanctuary of a remote yeshiva community in the California hills with an unimaginable crime. One of the women was brutally raped as she returned from the mikvah, the bathhouse where the cleansing ritual is performed. The crime was called in by Rina Lazarus, and Decker is relieved to discover that she is a calm and intelligent witness. She is also the only one in the sheltered community willing to speak of this unspeakable violation. As Rina tries to steer Decker through the maze of religious laws, the two grow closer. But before they get to the bottom of this horrendous crime, revelations come to light that are so shocking, they threaten to come between the hard-nosed cop and the deeply religious woman with whom he has become irrevocably linked.

In *The Ritual Process: Structure and Anti-Structure*, Victor Turner examines rituals of the Ndembu in Zambia and develops his now-famous concept of "Communitas." He characterizes it as an absolute inter-human relation beyond any form of structure. The Ritual Process has acquired the status of a small classic since these lectures were first published in 1969. Turner demonstrates how the analysis of ritual behavior and symbolism may be used as a key to understanding social structure and processes. He extends Van Gennep's notion of the "liminal phase" of rites of passage to a more general level, and applies it to gain understanding of a wide range of social phenomena. Once thought to be the "vestigial" organs of social conservatism, rituals are now seen as arenas in which social change may emerge and be absorbed into social practice. As Roger Abrahams writes in his foreword to the revised edition: "Turner argued from specific field data. His special eloquence resided in his ability to lay open a sub-Saharan African system of belief and practice in terms that took the reader beyond the exotic features of the group among whom he carried out his fieldwork, translating his experience into the terms of contemporary Western perceptions. Reflecting Turner's range of intellectual interests, the book emerged as exceptional and eccentric in many ways: yet it achieved its place within the intellectual world because it so successfully synthesized continental theory with the practices of ethnographic reports."

75 years since its first release, a true modern rarity and historical keystone in occult fiction and cinematic pop culture returns. Shrouded in the same brand of mystery and contradiction that forms its tangled plot, *Ritual* is commonly recognised by cult cinema fanatics as the original seed that spawned the towering movie enigma, *The Wicker Man*. A police officer is requested to investigate the presumed murder of a child in an obscure rural village. During his short stay, he is subjected to a spectacle of psychological trickery, sexual seduction and ancient practices and rituals.

We all need to find connection and meaning in the midst of the fast paced world we live in and rituals offer an easy and simple way to do this. In this 365 year-long exploration, Theresa Cheung offers daily practices to help us bring focus and attention to our lives for meaningful and achievable change. A ritual is any action we take that has meaning beyond its appearance; by giving an action intention it becomes 'sacred' and purposeful. The absence of significant ceremony in our lives has left us feeling disconnected, confused and alone. Rituals and ceremony allow us to be present in the now, focus on the future and provide us with closure on the past, they return us to what matters. Drawing on science and psychology, Theresa Cheung's 365 non-denominational rituals will help anyone to transform their lives. Split into four sections, the book begins with 21 simple foundation rituals to help you ground your daily practice. The second and largest section is broken down into 4 areas: Body, Mind, Spirit and Heart. Each containing 74 rituals, some simple and some more complex. Choose the area you feel you want to focus on and follow the rituals in sequence or chose as you wish. The third section has a four-week programme focussing on success and broken down week-by-week and the final section contains 21 closing rituals. For those wanting a year long programme the book can be used day-by-day or alternatively choose a ritual at random.

The Ritual Theatre of Theodoros Terzopoulos outlines the story of the Athenian-based Attis Theatre and the way its founder and director, Theodoros Terzopoulos, introduced bio-energetic presences of the body on the stage, in an attempt to redefine and reappraise what it means today not only to have a body, but to fully be a body. Terzopoulos created a very specific attitude towards life and death, and it is this broad perspective on energy and consciousness that makes his work so appealing both to a general public and to students of arts, theatre and drama. Freddy Decreus' study charts the career of Greece's most acclaimed theatre director and provides a spiritual and philosophic answer in times where former Western meta-narratives have failed.
