Walker Deibel - Outsmarting The Startup Game - Cold Star Project *The Startup Game By William*

The Startup Game. A pioneer venture capitalist, Bill Draper has worked with top entrepreneurs for more than 40 years in fabled Silicon Valley. The Startup Game is the first up-close look at how the relationship between venture capitalists and entrepreneurs is critical to enhancing the success of any economy. Incorporating many of the author's personal experiences, this book provides a much-needed look at how the world of venture capital and entrepreneurship works.

The Startup Game

The Startup Game is the first up-close look at how the relationship between venture capitalists and entrepreneurs is critical to enhancing the success of any economy. From a venture capitalist who saw the potential of Skype, Apollo Computer, Hotmail, OpenTable, and many other companies, come firsthand stories of success.

Games like tic-tac-toe or William Higinbotham's 1958 Tennis for Two were excellent ways to attract public interest and support. As an added bonus, computer programmers were able to learn from the creation of games as well because it allowed them to break away from the usual subroutines and challenge the computer's capabilities.

If your EM game doesn't start up properly, this sequence of events can help determine the problem. The start-up sequence is game specific, but generally can be applied to most games. This is helpful especially on older EM's where there is no operation manual. The following start-up sequences were outlined from mid-1970's games.
