Russell's unpopularity perhaps began when he spoke out against WWI and Britain's role in it. Unpopular Essays is a collection of some of Russell's unpopular viewpoints. They date from the early 1900's to around the end of WWI. Because of their age, they are dated, but unfortunately humanity often repeats its

Russell, Bertrand Unpopular Essays | eBay

Unpopular Essays The essence of the Liberal outlook lies not in what opinions are held, but in how they are held: instead of being held dogmatically, they are held tentatively, and with a consciousness that new evidence may at any moment lead to their abandonment. Unpopular Essays (1950) is a book by Bertrand Russell.

Unpopular Essays – Wikiquote

(Redirected from Unpopular Essays) Bertrand Arthur William Russell, 3rd Earl Russell OM FRS (18 May 1872 – 2 February 1970) was a British polymath, philosopher, logician, mathematician, historian, writer, social critic, political activist, and Nobel laureate.

A classic collection of Bertrand Russell’s more controversial works, reaffirming his staunch liberal values, Unpopular Essays is one of Russell’s most characteristic and self-revealing books. Written to "combat... the growth in Dogmatism", on first publication in 1950 it met with critical acclaim and a wide readership and has since become one of his most accessible and popular books.

This book presents the 1946 National Book League lecture, delivered by Bertrand Russell on the relationship between philosophies and the development of political systems.

Bertrand Russell's religious convictions were controversial, and one of his best selling titles is 'Why I am not a Christian'. This is a comprehensive and coherent survey of Russell on religion, with notes for students.

First published in 1966. Routledge is an imprint of Taylor & Francis, an informa company.

Russell on Ethics presents a coherent and comprehensive collection of Russell's ethical writings, drawing on a wide range of his publications on ethical concerns, many of which have been difficult to access by students and general readers. Charles Pigden provides an accessible introduction to the papers, situating them within the field of ethics as a whole and detailed annotations on the papers themselves, analysing their arguments and exploring their relevance to current concerns. Russell on Ethics represents a valuable insight into Russell as an ethicist, which will be useful to both specialist and non-specialist alike.

Bertrand Russell is regarded as one of the twentieth century’s greatest minds. Well-known for his profound knowledge and controversial approach to myriad of different issues and subjects such as sex, marriage, religion, education and politics, his prolific works also exhibit great intellectual wit and humour. First published in 1958, Bertrand Russell’s Best is a delightfully funny and entertaining book, and a striking testament to the remarkable life work and wit of Bertrand Russell.

Including Sadistic Impulses, Religion, Superstition, Envy, Economic Nationalism, Pride, Racism, Sex Superiority, Creeds, And Other Evil Things.

"With these words Bertrand Russell introduces what is indeed a revolutionary book. Taking as his starting point the irrationality of the world, he offers by contrast something 'wildly paradoxical and subversive' – a belief that reason should determine human actions. Unwittingly foreseeing the horrors that resulted in the ensuing years from the irrational passions of religious and political beliefs, it is no wonder that Sceptical Essays has never been out of print since its first publication 1928." "Today, besieged as we are by the numbing onslaught of twenty-first-century capitalism, Russell's defence of scepticism and independence of mind is as timely as ever. In clear, engaging prose, he guides us through the key philosophical issues that affect our daily life – freedom, happiness, emotions, ethics and beliefs – and offers no-nonsense advice. What would be the effect, he asks his readers with playful irony, 'of a spread of rational scepticism?'"--BOOK JACKET.

Nicholas Rescher examines a number of controversial social issues using the intellectual tools of the philosopher, in an attempt to clarify some of the complexities of modern society, technology, and economics. He elucidates his thoughts on topics such as: whether technological progress leads to greater happiness; environmental problems; endangered species, costly scientific research on the frontiers of knowledge, medical/moral issues on the preservation of life; and crime and justice, among others.
