Ok, now that you've read WHISPERS IN AUTUMN, drop everything you're doing and read WINTER OMENS! Trisha Leigh delivers an incredible sequel in this second book of her THE LAST YEAR series. I had expected this book to be a bit less of an intense page-turner than AUTUMN. And, that would have been fine as AUTUMN set a seriously high bar.

Althea and Lucas barely escaped the Others' clutches in the autumn, and were separated in the process. Alone and on the run from the cruel alien race determined to exterminate her, Althea struggles to adapt and survive in a world she never imagined. When a boy named Pax appears out of nowhere, he quickly recognizes Althea for what she is - a human/Other hybrid just like him. Althea begs him to help her find Lucas, but Pax refuses, intent on following his own mysterious agenda. The Others' presence continues to devour the planet's resources, and if history is an indication, they won't leave until Earth is destroyed beyond repair. Althea and Pax sense the only way to save themselves - and maybe their home - is to understand the powers simmering inside them. Together they push the limits of their capabilities in the quiet Wilds, but are soon confronted with a terrifying fact: no place is safe from the relentless pursuit of the Others. Least of all their own minds.

In 2015, a race of alien Others conquered Earth. They enslaved humanity not by force, but through an aggressive mind control that turned people into contented, unquestioning robots. Except sixteen-year-old Althea isn't content at all, and she doesn't need the mysterious note inside her locket to tell her she's Something Else. It also warns her to trust no one, so she hides the pieces that make her different, even though it means being alone. The autumn she meets Lucas, everything changes. Althea and Lucas are immune to the alien mind control, and together they search for the reason why. What they uncover is a stunning truth the Others never anticipated, one with the potential to free the brainwashed

human race. It's not who they are that makes them special, but what. And what they are is a threat. One the Others are determined to eliminate for good.

A final battle for the survival of Earth is coming. Between the alien Others and the destruction of humanity stand four Dissidents. When the Prime Other banishes them to the Harvest Site to live the remainder of their time on earth as slaves, the Dissidents use the opportunity to learn more about the substance that keeps the Others alive...and how they might use it to their advantage. But the Others guard their secrets well, and the Prime Other has proven his willingness to do whatever's necessary to secure a future for his race, no matter what or who is destroyed in the process. When Althea and the boys realize their lives could be the key to allowing another planet to suffer the same fate as earth, they promise they'll die before they let that happen. If they can't figure out how to turn the tables in their favor before the Summer Celebration, they might have to do just that. The end draws near, and there's only one question left—are the Dissidents going to save their chosen people or perish alongside them?

Althea assumes now that she, Pax, and Lucas are reunited in spring that the next steps are obvious - locate Deshi and prepare to take down the Others once and for all. But she doesn't expect the subtle changes in Lucas. After being left alone last season with only his Element father for company, Lucas has started to question whether their rightful place isn't with the strange alien race as opposed to humanity. When an emergency forces Lucas to aid the Others so they can remain on Earth, Althea worries that she's lost him once and for all. The one thing she knows is that Deshi's the key to any hope of reclaiming the planet. So as the Others gut their already wobbly support system, Althea and Pax gather together the beginnings of a plan - and maybe an army. Even if she can convince Lucas their side is the right one, the Prime Other holds Deshi captive and shrouds any knowledge about their fourth in clouds of secrecy. What they discover deep underground is a roadblock they didn't expect - and one that could steal their last hope of saving humanity.

Toby Wright has always prided himself on being one of the most normal guys at Whitman University. He loves his parents, has a great job lined up after graduation, and with the exception of attempting to cross the unbalanced Sebastian Blair sophomore year, has kept his nose pretty clean. But the rich never have empty closets, and memories long stashed away come spilling free when notorious party girl Kennedy Gilbert almost dies in his dorm room. Nobody really knows how Kennedy manages to stay in good standing at Whitman—she never goes to class, doesn't pretend to care about her future, and as far as people can tell, is never sober. This isn't her first meeting with a stomach pump, but it is the first time she's

woken up to Toby's concerned brown eyes. Despite the fact that she prefers life without friends, he gets under her skin with his insistence on playing her guardian angel. No one knows better than Toby that people can only be saved if they want to be, but the realization that she has no one else draws him back into the shadows of Kennedy's life-and eventually into her bed. But she long ago came to terms with a truth that Toby refuses to accept: she doesn't want to be rescued, she only wants to forget. Unwilling to give up on her, Toby's dragged under by this broken girl and her dark, twisted Whitman University he never guessed existed. If he struggles to the surface, he'll abandon someone he loves for the second time in his life. If he doesn't, it won't be long until they both drown.

TRIGGER WARNING: The beginning of this book deals with a physically and emotionally abusive relationship in a honest and realistic, violent manner. Jeyne Dalton has graduated from college, medical school, and has slogged through half of a surgical internship year with flying colors, which she figures HAS to mean she's put her past - and her family - behind her for good. If only she hadn't answered that random ad for a roommate, her life would be pretty damn perfect. Dinah Robbins knows that, no matter what she does, the horror that is her life will never be behind her...unless her controlling, threatening, abusive boyfriend finally kills her. She's floating, waiting, and advertised for a roommate as a last ditch, listless effort to save herself a few beatings here and there. Jeyne and Dinah may have been roommates for months, but they're not anything like friends. In fact, they hardly know each other at all - until the night Jeyne comes home late to find Dinah in a heap of trouble. The two girls then find themselves sharing a secret that brings them together in a way they never expected. And upends their lives in a way they may never be able to set right.

After being unceremoniously dumped freshman year because of her family's "new money" status, Ruby Cotton has taken care not to put her heart on the line. No matter how enticing Emilie and Quinn make it look, relationships are scary and hard-while a string of flings is easy and fun. That's what Ruby wants. Easy and fun. The only problem is, when it comes to satisfaction in the sack, most of the boys at Whitman are nothing but pretty window dressing and false advertising. Ruby takes it upon herself to make campus life more fulfilling, creating a referral database that allows female students to rate their sexual experiences, thereby informing girls of what they're getting into before agreeing to a date. When her acting partner, Liam Greene, finally shows some interest, Ruby figures she won't need to utilize the helpful gossip. He's handsome, fun, and most importantly, not a guy she'd ever fall for hard enough to let him break her heart. Not only that, but dating Liam gives Ruby the perfect excuse to say no to Cole Stuart. As a star swimmer and heir to honest-to-God Scottish royalty, Cole sits at the top of Whitman's A-list-but he's also the lowest rated referral on Ruby's website. The ratings make rejecting his

repeated requests for a date a no-brainer, but her real reason for avoiding Cole runs deeper than a string of unsatisfied exes. He's gorgeous, he oozes sweetness and charm, and the electricity between them could power half of Whitman, but Ruby knows it will only last until his family or friends convince him she's not good enough. Before she knows it she's falling anyway, waiting for the other shoe to drop but clinging to a tentative hope that Cole might be as different as he seems. When the secret behind his low ratings comes to light, that hope is torn apart, and Ruby wonders if she was right to give him her heart...and whether she has the strength to let him keep it.

This in-between (short) novella follows The Playboy Prince. It will detail a royal wedding and preview what is to come with the Piacere family in the follow up, The Dutiful Prince (January 2017).

For the living, the dead, and the people stuck somewhere in between, Heron Creek has become a battleground. Graciela Harper might be new seeing ghosts, fighting curses, and just living with her old friends again, but there's no doubt she's on the front lines—and overwhelmed. Leo and Mel have been arrested. Amelia teeters on the edge of a deep depression that could cost her her child. Beau, her boyfriend who might not quite be her boyfriend anymore, is breaking her heart. None of that will matter if Gracie can't figure out how to break the hundreds year old curse on the male line of her family. She knows she needs to focus on that, but with the future of one of South Carolina's oldest and most prestigious families hanging in the balance, she's tempted to try to save them, too. What Gracie's about to learn is that she can't do this alone, and every single person who has entered her life since her return to Heron Creek will need to pitch in for her to succeed. Well, that and the fact that she might not be able to save everyone...not even herself.

If ghostly counselor and librarian extraordinaire Graciela Harper thought life in Heron Creek would slow down long enough for her to figure out how she feels about one Leo Boone's declaration of love, well, she's dead wrong. With the threat from her father's family far from resolved and a frightening ghost from Charleston's long gone - but not dead - past determined to terrorize her, Gracie's personal life gets set on the back burner. Gracie knows that something - or someone - is luring her out into the mountains, to a cabin where she and her mother almost lost their lives decades ago. There, she'll find answers that will force her to rethink everything she thought she knew.. Secrets that could cost her and the ones she loves everything...including their lives. p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Helvetica} p.p2 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Helvetica; min-height: 14.0px}
